

Elo Edge Connect™ 2D Barcode Scanner

For Self-Service and
Price-Checker Applications

**Compatible with
Windows & Android**

Easy to Install

2-Year Warranty

Product Overview

Improve self-service and price-checker applications with Elo's 2D Barcode Scanner that easily integrates with a variety of Elo touchscreens. The fast, hands-free device provides rapid and accurate scanning of barcodes including linear barcodes and QR codes. Whether on paper, etched into a product or on a mobile screen, the reader can return quick, reliable results.

Our modular design provides our customers with the building blocks to configure a multitude of solutions - making it easy to deploy a variety of solutions from price checkers and self-checkout to visitor management. Start changing the way your customers and employees interact in-store and at work by deploying a new generation of interactive technologies.

Easily and securely attached the camera to any side of the display via Elo Edge Connect™ technology

Next Gen Price Checkers - Offer price-checking plus in-depth product information, virtual customer service, endless aisle and related item recommendations, wayfinding, BOPIS, loyalty and assisted selling.

Simplify contactless entry for employees and guests by enabling barcodes & QR codes to be scanned on badges and personal devices
