

Elo Quick Ship Program.

Our Quick Ship program expedites customer deliveries of select Intel-based touchscreen computers. This program promises a readily available inventory of I-Series 3 models with a variety of processors, memory, and storage options to choose from.

Built to last and ready when you are.

We engineer each product with the goal of exceeding expectations. Whether for retail, hospitality, or industrial applications, facilitate rapid Intel product deployments with our Quick Ship program, confident in Elo's commitment to delivering reliable products that businesses can count on.

Quick Ship Products
