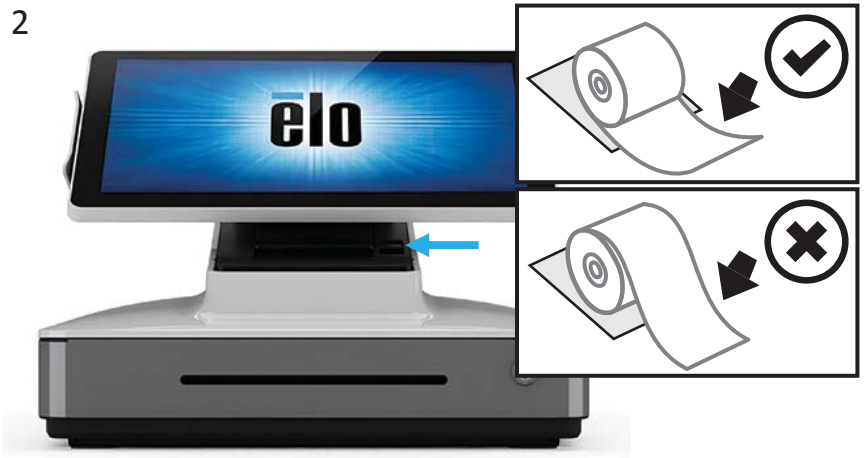
1

Connect power and ethernet cable. Connections are underneath the register near the back. Before plugging or unplugging the micro-HDMI cable, first unplug the power cable.

2



Install receipt paper: Install the paper by pressing the lid release button and lifting up the printer lid. Note the correct paper orientation from pictures above. **Do not use paper that exceeds 80 mm in width.**

3

Power on the register: Press the power button (located on the back of the display head).
