EloPOS™ Pack 2 comes installed with Windows 10. Go to www.elotouch.com/support for additional information such as user manual, detailed dimensional drawings, and alternate OS options such as Linux.

1. Slide the latch to the right to unlock the computer from the mounting bracket.

2. Slide the computer back to separate the computer from the bracket.

3. Mount bracket to table using four M4 or #8 mounting screws (not included). Screw type depends on table construction. The screw head height must be 3.0mm (0.118") or less.

4. Reinstall the computer on the bracket by placing it on the bracket about one inch back from the locked position and then sliding it forward ensuring the four clip tabs engage with the bracket.

5. Slide the latch to the left to lock the computer onto the mounting bracket.

6. Connect a display with HDMI or USB-C and WiFi antennas (if Wi-Fi is required). Connect the power cable with locking thumbscrew. Press the power button to power up the computer and proceed to registering Windows. Refer to user manual for detailed setup instructions.
