Quick Installation Guide

I-Series 5 Slate

EU Battery Declaration

This symbol on the battery or on the packaging indicates that the battery provided with this product should not be treated as household waste. Instead, please separate the battery/batteries from other types of waste and recycle them through your local recycling system to protect the environment and health. The chemical symbol for lead (Pb) is added under this symbol if the battery contains more than 0.004% lead. Additionally, the chemical symbol for cadmium (Cd) is added under this symbol if the battery contains more than 0.002% cadmium. For more detailed information about the recycling of these batteries, please contact your local authority or the shop where you purchased the product or batteries.

- 1 Remove the cable locking screw and bracket from the rear of the I-Series 5 Slate display to access the USB-C connection.

- 3 Reinstall the cable locking screw and bracket on the rear of the I-Series 5 Slate display. The bracket slides in at an angle and has two small hooks that engage with slots inside the cable cavity. The bracket must be secured with the included screw.

- 2 Plug the USB-C cable from the I/O hub to the rear of the I-Series 5 Slate display. The I/O hub has two threaded mounting holes which allow it to be mounted out of site if desired. See dimensional drawing for mounting hole details.

- 4 See detailed user guide at www.elotouch.com for additional information on mounting Elo I-Series 5 Slate display to Elo stands or wallmounts.
