Installation

Please go to www.elotouch.com/support to download detailed user guide for this product

1 

Remove the two cover plate screws and pull the cover plate out.

2 

Slide the computer module into the opening until it stops.

3 

Tighten both thumbscrews.

Security Cover Installation (optional)

4 

Install the top cover bracket using M3 screw included in kit.

Insert bottom cover bracket into the slots then slide downward until it snaps into place.

5 

Route any ECM cables through bottom cover bracket

6 

Install security cover by tightening the two thumbscrews into the top and bottom cover brackets
